Company Documents

Share your spreadsheets, PDFs, presentations, and other files with multiple employees.

Data Redundancy

Maximize data protection with RAID 1 or RAID 5.

Domain Support

Integrate the myshare office into work groups, active directories, or other domains.

Printers

Connect printers into the USB ports and share them with computers on the network.

External Hard Drives

Turn USB drives into shared drives by plugging them into the USB ports.

Remote Access

In minutes, setup myshare to be accessed from anywhere with an internet connection.

Universally

Use standard protocols to bridge content for use with both PCs, Macs, Linux and Unix.

User Administration

Set multiple users, passwords and quotas to control access to myshare.

Media Digital Content

Stream to TVs and stereo systems with compatible media players and receivers.

myshare™ Office Network Storage
