Music, Photos and Movies

Share your music, photos, movies and other files with multiple computers.

Printers

Connect printers into the USB ports and share them with computers on the network.

External Hard Drives

Turn USB drives into shared drives by plugging them into the USB ports.

Media Digital Content

Stream to TVs and stereo systems with compatible media players and receivers.

Remotely

In minutes, setup myshare to be accessed from anywhere with an internet connection.

Easily

In a few simple steps, myshare can be installed on any home network.

Securely

Set multiple users and passwords to control access to myshare.

Reliably

An optional configuration to make mirrored copies of your digital life for optimum file protection.

Universally

Use standard protocols to bridge content for use with both PCs, Macs, Linux and Unix.
